

As a coach you understand there are risks and dangers associated with the use of firearms, including serious bodily injury, death, and property damage. As the AYSSP Coach, you agree to put safety first in connection with the shooting practice. The coach further agrees to store shotguns in a safe and protective matter (such as in a safe or other secured area) when not in use of AYSSP practice. By signing this agreement, you are also agreeing to make sure each shotgun borrowed will be returned clean and in good working order. If shotguns are not returned upon the date that is agreed upon and are not in clean, working order you will be prohibited from use of the firearms belonging to the AYSSP program for future use.
