

8. Taxonomic Groups to be collected: For each group listed below check the number of specimens to be permanently removed per species per location, and estimate the total number that will be permanently removed. Any specimens held in captivity are to be considered permanently removed and should not be returned to the wild without appropriate written permission from AGFC. If there is a target species, specify it in the blank provided after the group name.

Fish: _____

- Less than 10
- Up to 20
- Up to 50
- More than 50

No. Perm. Removed: _____

Terrestrial Invertebrates: _____

- Less than 10
- Up to 20
- Up to 50
- More than 50

No. Perm. Removed: _____

Birds: _____

- Less than 10
- Up to 20
- Up to 50
- More than 50

No. Perm. Removed: _____

Crayfish: _____

- Less than 10
- Up to 20
- Up to 50
- More than 50

No. Perm. Removed: _____

Amphibians: _____

- Less than 10
- Up to 20
- Up to 50
- More than 50

No. Perm. Removed: _____

Bats: _____

- Less than 10
- Up to 20
- Up to 50
- More than 50

No. Perm. Removed: _____

Mollusks: _____

- Less than 10
- Up to 20
- Up to 50
- More than 50

No. Perm. Removed: _____

Reptiles: _____

- Less than 10
- Up to 20
- Up to 50
- More than 50

No. Perm. Removed: _____

Mammals other than Bats: _____

- Less than 10
- Up to 20
- Up to 50
- More than 50

No. Perm. Removed: _____

Other Aquatic Invertebrates: _____

(Includes adults of aquatic insects)

- Less than 10
- Up to 20
- Up to 50
- More than 50

No. Perm. Removed: _____

Amendment 35 of the Arkansas State Constitution charges the Arkansas Game and Fish Commission with "The control, management, restoration, conservation, and regulation of birds, fish, game, and wildlife resources of the State. By administering Scientific Collection Permits, we seek to protect the wildlife resources of the State while facilitating education, environmental monitoring, and the furtherance of scientific knowledge.
